EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Grant Cunningham (REG. NO. 52,786) on November 03, 2007.

2. The application has been amended as follows:

Claim 2 has been amended as follows:

2. (Currently amended) The system for a two dimensional bar code having information units arranged in the form of a matrix for synchronous omni-directional information according to claim 1, characterized in that, the optical characteristics for each unit are [its] the unit color attribute and said base is the center of each unit.

Allowable Subject Matter

3. Claims 1-14 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Longacre, Jr. et al. (US 5,591,956) discloses a two dimensional data recording structure having various data indicating position and orientation, etc.; Krichever et al.

(US 5,591,952) discloses a barcode reader reading two dimensional barcode having directional data therein. However, Longacre, Jr. et al. And Krichever et al. taken alone or combination, fails to specifically teach or fairly suggest that the system comprises vertical/horizontal synchronous information unit disposed at two opposing borders in the matrix wherein optical characteristic of the neighboring units are different and the units at different borders constitute a pair of vertical/horizontal synchronous information units, and directing information unit having a characteristic shape and/or optical characteristic for identifying a scanning direction and having a relative positional relationship with the vertical/horizontal synchronous information units as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Seung H. Lee whose telephone number is (571) 272-2401. The examiner can normally be reached on Monday-Friday, 7:30 AM- 4:00 PM.
